DRAWING—ARCHITECTURAL and MECHANICAL.—As this is the season for young mechanics and others to apply themselves to the attainment of the greatest aid to the eminence in their various pursuits, viz:—a thorough knowledge of Geometrical Drawing.

We would call their attention to "Manifee's Text Book of Self-instruction," being a complete manual of Mechanical Drawing, including Geometrical Drawing and Perspective, illustrated with 56 steel plates, and explained in a familiar manner, rendering the attainment of the art easy and agreeable.

From the New York Scientific American.

"It is the best work on Drawing that we have ever seen; to young Mechanics such as a Machinist, Engineer, Cabinet Maker, Millwright or Carpenter, should be without it."

From the Baltimore Western Continent.

"He, who having thoroughly mastered this book, cannot make any of the ordinary drawings of this kind, may well despair of ever being able to accomplish such a result.

From the National Intelligencer.

"Indeed, one who patiently and carefully goes through it could not be said, so far as principles and methods are concerned, any longer to want a master."

From the American Railroad Journal.

"It is commended to those best qualified to judge of its merits, as being the most thorough and complete work of the kind ever published in this country."

"It has received universal commendation from the press, and we believe that it merits all that has been said in its praise. Price $2,00.

PARTICULAR NOTICE.

We will forward a copy of the above work free of expense, to any part of the Union, on the receipt of three dollars, which may be sent per mail at our expense.

W. M. & Co. have also published an abridged edition of the above work for the use of Schools, containing all the principles that are contained in the large work, illustrated with 48 steel plates.—Price $1,25. Published and for sale by

GREAT AMERICAN REMEDY.

VEGETABLE DYSPEPSIA BITTERS, a sure, speedy and permanent cure for Dyspepsia in its worst forms. This medicine will be found to cure all complaints arising from disorders of the stomach and bowels, biliousness, yellowness of the skin, Liver complaints, Debility, Headache, Nervousness, Low Spirits, Palpitation of the Heart, Costiveness, &c. &c. Please read the following certificate:

Read the following from an eminent physician:

The undersigned being acquainted with some of the ingredients of Hutchings' Vegetable Dyspepsia Bitters, and having used it for some time in his practice with every desired effect, he recommends this medicine from the certainty of its effect, and gives it a preference over all preparations in medicine for that distressing complaint, Dyspepsia.

T. HARDENBERGH, M. D.,
No. 1 Beach street, N. Y.

From Luther A. Wyman, Esq., late President of New York Musical Society, now of Brooklyn:

The undersigned was afflicted with Dyspepsia of the worst form for one year and a half, during a greater portion of which time he made use of no remedies, but suffered the disease to take care of itself, until he was recommended to try Hutchings' Dyspepsia Bitters; he very soon derived benefit from the use of a few bottles of this medicine and now considers himself entirely well.

The undersigned has every confidence in the efficiency of Hutchings' Bitters for the cure of this troublesome and dangerous complaint, and he has no hesitation in recommending it as a most valuable medicine.

L. B. WYMAN,
N. York, Sept. 3, 1849. 38 Barling Slip.

The following certificate is from Mr. Brady, the celebrated Daguerreotypist:

Having been afflicted very severely with Dyspepsia, together with extreme weakness he was advised to take Hutchings' Dyspepsia Bitters, and have every reason to believe it has perfectly cured me. I have felt no symptoms of a return of the disease and believe from the effect it had on me that it will cure the worst case of Dyspepsia.

M. B. BRADY,
No. 205 Broadway, N. Y.

The Proprietor of this medicine has received many other certificates of cures, equally remarkable, of the various diseases for which this preparation is applicable; but the above are deemed necessary to satisfy any unprejudiced mind of its value and superiority above all other preparations.

☞Passage arrangements for 1849.—Reduced Rates of Passage from Liverpool to Boston, by their Regular Line of Packets sailing from Liverpool on the 1st, 7th, 13th 20th, and 25th of each month. Also, from Liverpool to New York, by the regular line of Packet Ships sailing from Liverpool on the 1st 6th 11th, 16th, 21st and 26th of each month. The splendid Ships composing this Line have been built expressly for this trade are commanded by men of long experience, their accommodations are commodious, and they are in all respects desirable conveyances for Passengers. Persons wishing to send for their friends in Ireland, England Scotland, Wales, can do so through the subscribers. Particular attention will be paid to the accommodation and good treatment of passengers.

The advantages offered by this Line over all others are the following, viz: That the ships selected by Harnden & Co. for the conveyance of their passengers, cannot be surpassed by any out of the United States; on this point no better evidence can be offered than the fact, of the hundreds of ships despatched by them, not one has ever been lost! Passengers will be brought by this Line at very low rates Parties holding Harnden & Co's Passage Certificates will not be confined to one ship a month in Liverpool, but have the privilege of embarking in any of the vessels sailing every week.

☞Harnden & Co. have Agents in all the principal seaport towns of Ireland, who take charge of their passengers, and protect them from the frauds practised upon the inexperienced.

Harnden & Co., wishing to conduct their business upon principles of fairness and equity, to prevent fraud and deception, have but one price for passage, which in all cases includes Hospital fees and provisions, according to law. Prepaid passengers always have the preference over passengers paying in Liverpool. ☞Those applying by letter or otherwise for Certificates of Passage, should in all cases furnish the names and ages of the persons sent for, with their address in full, containing the name of the town and, nearest post town, and county, together with the address of the person to whose care a letter is usually sent, to enable Messrs. Harnden & Co., of Liverpool, to notify them of the proper time to Leave home, and furnish other necessary information. ☞Those enquiring for prepaid passengers should giv the number and date of their passage receipt.

☞No other Passenger House, either in this City or Liverpool, is authorized to advertise, or sell Certificates for this Line.

REMITTANCES.—For the convenience of persons wishing to remit money to their friends, we keep constantly for sale, Drafts at Sight, which are cashed at any Bank in England, Ireland, or Scotland Duplicate checks are always furnished, to secure the purchaser against loss.

DR. CORBET'S HIGHLY CONCENTRATED SYRUP OF SARSAPARILLA.

It is a undeniable fact that no medicine ever brought before the public, has proved so beneficial in cases of diseased Blood, Liver Obstruction, Scrofulous Taint, Consumptive Habit, and all cutaneous affections, as that of Dr Corbet's!—The distinguished Prof. Hayes says:—"It ought to have a preference, as the formula exhibits the union of some of the best of our native medicinal roots and plants with substances of the highest repute as remedial agents, and does not include any *Metallic Compound*.

But read what Druggists say, whose well known characters give full security to its virtues.

"The Compound Concentrated Syrup of Sarsaparilla, made by the United Society of Canterbury, is prepared with great care, and the increasing demand for it is positive proof of its good effects. It is now prescribed by most of the Physicians in Boston and elsewhere, which is the best evidence that they give it a preference over any other preparation of Sarsaparilla offered to the public.

"Since its introduction, its reputation has been constantly increasing, and its popularity extending in every direction, being recommended by most distinguished physicians.

The Hon. George W. Nesmith thus writes to the wonderful efficacy of that invaluable medicine,

Dr. Corbett's Highly Concentrated
SHAKER SYRUP OR SARSAPARILLA.

Certificate of Mary M. Nesmith, wife of the Hon. George W. Nesmith, President of the Northern Railroad.

This may certify, I was afflicted with the Salt Rheum for more than 15 years prior to 1847. I tried different remedies without permanent relief.

In the spring of the year 1847, I was induced to test the efficacy of Dr. Corbett's 'Compound Syrup of Sarsaparilla.' During the space of three months I used about a quart of this medicine. I find myself fully relieved from said disease, and can therefore cheerfully recommend others, who may be afflicted in a like manner, to try this cheap and valuable medicine.

MARY M. NESMITH.
Franklin, N. H., March 17, 1849.

Messrs. E. Brinley & Co.—My wife had some reluctance to having her name appear in print, but knowing that she had experienced great benefits from this Compound, she yielded all modest objections to a sense of duty, that the public may know where they can find a good and safe medicine, that will heal many of our diseases. I watched the operation of this medicine upon my wife with much solicitude, but without any belief that it would produce the desired effect. I am, however, now ready to say that I have great confidence in the cleansing and healing qualities of this syrup, and can safely attest to its value, and would cheerfully recommend it to the patronage of the public.

Truly yours,
GEORGE W. NESMITH.

CONSUMPTION PREVENTED!

That consumption, when once firmly fixed and seated, can be cured, we much doubt—but that it can be prevented, if the proper remedies are applied in season, we firmly believe. A slight cold, a gentle cough, a general derangement of the nervous system, which renders the individual sick or well—these are the symptoms which herald the approach of the fell destroyer. If these be attended to in season all may be well—but neglect them, and they will be sure to gain the mastery, and what was at first only troublesome and annoying, at last becomes alarming, and often fatal.

For incipient consumption, we know of no better remedy than WISTAR'S BALSAM OF WILD CHERRY. It is soothing and healing in its nature, and is admirably adapted to allay and dissipate that annoying and distressing irritation which so much prevails at this season of the year, caused by colds, coughs, and chills, brought on by frequent and sudden changes in the weather. We know of several severe cases which have been radically cured by the use of this Balsam. Some two years since a friend of ours was suffering under what was thought to be confirmed consumption—a severe cough, loss of appetite, night sweats, &c. By the use of the Balsam, he dispelled these alarming encroachments, and is now in the enjoyment of comparative good health.—[New England Washingtonian, Boston, November, 1847.

Those in want of this excellent article, can be supplied with the genuine, with the signature of I. BUTTS on the wrapper, at the Agents.

R. J. TAYLOR, Agent for Newport.

☞ VALUABLE TESTIMONY FROM THE SOUTH. ☜ We like, at all times to give credit when credit is due, and if at the same time we can relieve the distressed, we are doubly gratified—we, therefore give the following voluntary testimony as to the beneficial effects of Wistar's Balsam of Wild Cherry, by the editor of the Columbia South Carolinian, who appears to have obtained great relief by its use.—Old Dominion, Portsmouth, Virginia.

Dr. Wistar's Balsam of Wild Cherry. We seldom resort to patent medicines, having a great respect for the skill of the regular profession, but chance threw into our way the above named medicine, immediately after the close of the last session of the Legislature, when our lungs were almost dried up and the highly rarified atmosphere of pulmonic-warmed State House. The Balsam immediately relieved us of a most harrassing cough, which threatened our health in a serious degree. We feel that we are indebted for some fifteen pounds of animal flesh which addition since felt, cannot be forgotten.

None genuine unless signed I. BUTTS on the wrapper.

TRANSATLANTIC PACKAGE EXPRESS AND GENERAL EUROPEAN AGENCY.—The undersigned give notice that they have completed their arrangements in this country and in Europe for facilitating the TRANSMISSION of MERCHANDIZE of every description, in large or small Parcels, (excluding single packages,) between the VARIOUS EXPRESS OFFICES IN THE U. STATES, and all parts of Great Britain, France and other places on the Continent.

One of the members of the house has recently returned from England where he has made a permanent arrangement with the eminent forwarding establishment of Messrs. CHAPLIN & HORNE, who will receive all goods for distribution in Europe, and promptly deliver them at their many agencies. Our connexion with this extensive house give us facilities not heretofore enjoyed by any other parties.

CHAPLIN & HORNE being also the exclusive Agents in England for the Messageries Nationnals of France, we have peculiar advantages for forwarding parcels through to France and other parts of the Continent.

Our houses at London and Liverpool will attend to the collection of accounts, and other business of a confidential nature in any part of the Kingdom, and with the assistance of several legal friends, will give special attention to all documents requiring attestation or other action.

We have authority to draw on the PROVINCIAL BANK OF IRELAND; and all its branches, and are prepared to furnish drafts for the convenience of our customers.

On the reception of goods or parcels in this country, they will be forwarded without delay to their destinations—those out of the city by the earliest Expresses.

Persons at a distance desiring to make shipments to England or the Continent, either by steamers or packet-ships, can leave their goods, or orders, at any of the offices of ADAMS & CO., and GREENE & CO., in the United States, who will receive and promptly forward them to us.

Our friends who may wish to visit Europe, or who desire INTRODUCTIONS in places where they may be strangers, will receive every accommodation from ourselves and our agents.

All who may be disposed to favor us with the shipping of their goods from England to America, will oblige us by directing their correspondents abroad to order such goods to be given in charge of CHAPLIN & HORNE (who have branches in every principal town in the Kingdom) "care of Edwards, Hale & Co., Liverpool," or "London."

☞All Parcels from this country should be marked—"TRANS-ATLANTIC PACKAGE EXPRESS," care of EDWARDS, HALE & CO.

CONGRESS.

WASHINGTON, Feb. 23.

In the Senate, Mr. Hunter, of Virginia, presented a petition asking for the erection of the Washington Monument in front of the Capitol.

Mr. Dayton introduced the New Jersey resolutions, for the improvement of rivers in that State.

Mr. Bright, of Indiana, gave notice of a bill for the reduced price of public lands.

Mr. Pearce, of Maryland, introduced a resolution for information concerning the geology, &c, of California—adopted.

Mr. Foote moved to refer the California Message to a select Committee of Fifteen, postponed.

Mr. Turney rose to make explanations relative to an alleged false report of the National Intelligencer, respecting the resolution of the Tennessee Legislature. He was in favor of the Southern Convention. Mr. Hamlin, of Maine, spoke on the California Message, which was postponed to-morrow.

Mr. Miller, of New Jersey, concluded a conciliatory speech on Mr. Clay's resolutions, and was followed by Mr. Rusk, of Texas, when the resolutions were postponed until Wednesday.

Mr. Foote renewed his motion to refer the California Message to a committee of fifteen, and strenuously urged it. If there was not something done within a few days, there would be an outbreak, forever preventing a settlement. Messrs Butler, Dayton, and Walker opposed it, and Messrs Clemens and Badger supported it. Adjourned.

In the House, Mr. Brown, of Mississippi, moved to suspend the rules in order to introduce resolutions from the Committee on Territories, to inquire if President Polk or any of his Cabinet in any way sought to exclude slavery from California. [Action not reported.] He also reported a joint resolution for the distribution of public documents among different countries—referred.

Mr. ——— presented a remonstrance against the admission of Deseret, and disclosing the enormities of Mormonism.

Mr. Giddings presented a petition from Delaware, for a peaceable dissolution of the Union. Upon its reception the ayes and noes were ordered. The ayes were Messrs. Allen, of Mass., Giddings, Howe, of Pa., Julian, of Indiana, Preston King, Durkee of Wisconsin, Root, of Ohio—8.—Nays 162.

Mr. Schenck, of Ohio, presented a memorial from the people of New Mexico for a territorial government, and moved that it be referred to the Committee on Territories and be printed. Carried—135 to 48.

Three hours were spent in receiving a vast number of private resolutions, &c. Adjourned.

Mr. Thomas Butler King has published a card, stating that his California report has been delayed by his illness. He denies that he had any specific instructions how to act in California, or that there was any official interference there respecting slavery. Gen Riley acted under the orders of the late administration.

President Taylor returned from Richmond on Saturday evening.

RELIGIOUS CUSTOM.—There is a custom that has long been prevalent throughout Peru and Chili, which to the stranger is quite imposing. It is this: at nine o'clock in the morning, at noon, and at six in the evening, the great bell of the cathedral is tolled for one minute; during this time all business is suspended, every one takes off his hat, is expected to kneel, cross himself say his prayers, and the more devout to kiss the pavement. In the streets, shops, private dwellings and hotels, all business, all motion, all conversation, is suspended, until the great bell ceases to toll; then all is life and activity again; the bugles at the palace gates and the convent bells sound merrily, and business and conversation are resumed at the point where they were dropped.

HOSPITAL CHARGES IN CALIFORNIA.—The following is a specimen of hospital charges in California, being a bill sent to a gentleman in this city, for payment, for services rendered to his deceased brother:

Mr. *****,

To Sacramento Hospital, Dr,

To 36 days hospital attendance, from October 2 to Nov. 7, (7 days at $25 and 29 days at $20)	$755 00
Washing and laying out his body,	10 00
Mattress and blankets spoiled in do.	20 00
Coffin, (and sending to get it made.)	60 00
Paid for digging his grave in a storm,	20 00
Paid for carriage at funeral,	4 00
Assistance of man at funeral,	5 00
	$880 00

Sacramento Hospital, Sutter's Fort, Nov. 21, 1849. Attest: Charles H Cragin M. D.

SAGACITY IN A DOG.—"*Help*" informs us that while passing through Washington St. last Sunday morning on his way to church, he observed a pointer dog standing on a point upon the opposite sidewalk; as this seemed somewhat singular, our informant states that he paused for a moment in order to ascertain at what the dog was pointing, and was astonished to find on looking up to the direction of the point, that it was at the sign of A. Full Fledged.—We thing there is nothing in Mr. Jesse's collection of anecdotes of dogs that surpasses this.—*Post.*

FOR ATTORNEY GENERAL,
JOSEPH M. BLAKE,
of Bristol.

FOR GENERAL TREASURER,
STEPHEN CAHOONE,
of Newport.

United States Hotel.
PHILADELPHIA, Feb. 23.

This delightful weather brings out the ladies in scores, and yesterday they promenaded Chestnut street, the fashionable throughfare, arrayed in glowing colors which quite reminded me of summer.

Last night there was a grand ball in the city, in honor of the birth-day of the immortal Washington; it was a very brilliant affair, and was attended by all the fashion and beauty of the city. Henry Clay arrived in the afternoon from Washington, and honored it with his presence; it being previously known that he was to attend, very many were there, on that account, who probably would not otherwise have gone. It is pleasant to see with what veneration he is regarded, and with what respect he is treated by all parties.

I shall leave this evening, in the midnight train, for Washington, where I shall unquestionably find something worth writing about. This is a very interesting time at the Capitol, and the events of the coming week or ten days will be of the most momentous importance to the country; during this period something will probably be done in regard to the Slavery agitation. California will be admitted, without serious difficulty; that is certain, beyond all question; thirty-three Senators can now be relied on, and that settles the matter, for all intents and purposes necessary. When this is done, and California is in, the great entering wedge will have been driven in, and all will be safe, in future, in regard to new territories, and the extension of Slavery beyond its present limits. I am thankful that Mr. Clay has been spared by a kind Providence to this period, that he may arise in all his majesty and power, to cast oil upon the troubled waters, and breathe forth the spirit of true patriotism for the benefit of the rising generation.

C.

HON. ABBOTT LAWRENCE.—We are pleased to learn that intelligence was received yesterday from London, announcing the fact that the health of Mr. Lawrence is very much improved. He has never failed during his indisposition to attend to the important duties of his mission. We are greatly obliged to the honorable gentleman for files of London papers.—*Boston Atlas.*

ECCLESIASTICAL MOVEMENT IN CANADA.—A bill has been prepared, dividing Upper Canada into three dioceses-Toronto, Kingston and London. The three Bishops are to be nominated from among themselves by the clergy in convocation, and each name to be submitted for approval to the English Bishops, and afterwards for confirmation and appointment to the Queen.

☞The directors of the different Philadelphia banks have offered a reward of $500 for the detection and prosecution to conviction of any person engaged in the business of cutting or tearing a small portion from several bank notes, and joining the pieces thus obtained, by some adhesive matter, so as to make another note, and then passing them upon the public. They also caution all persons from taking the same, as the banks will not hold themselves responsible for their redemption.

We learn from a gentleman who arrived late last night from Baton Rouge, that on Tuesday, just after the announcement had been made in the House that the accounts of Mr. Livaudais, the late State Treasurer had been examined and found correct, that gentleman cut his throat. He was still alive yesterday morning but only faint hopes were entertained of his recovery, as he refused all aid. The cause assigned for the rash and deliberate act, is disappointment on the part of Mr. Livaudais that he was not taken up by either party and elected State Treasurer.—*N. O. True Delta, Feb*, 11.

SUNDAY TRAVEL IN CANADA.—Two waggons and their contents were seized recently on the Canada side of the suspension bridge at the Niagara Falls, it being illegal to take any merchantable commodities over the frontier on Sunday.

☞The cholera has again broken out in the Mississippi steamers.

BRUTAL ASSAULT.—We learn from the Fall River Monitor that the house of Mr. Benjamin Hambly, a respectable citizen of Tiverton, R. I., was entered during the afternoon of Wednesday last, by a worthless fellow named Chapman, who struck Mr. Hambly a blow with a heavy club, on the right jaw, knocking in several of his teeth, and otherwise injuring him, and inflicting a most severe blow on the head of his wife just over the temple, cutting a gash nearly three inches long to the skull. The cause of the assault is said to have been the refusal of Mr. H. to deliver to Chapman a child, which on the death of his wife some five or six years ago the latter gave to Mr. Hambly. Chapman is a dissolute fellow, and was under the influence of liquor when he committed the act.

A SOUTHERN SHOOTING AFFAIR.—On Sunday night, James F. Kelly was shot by a widow lady, named Weickaeir, residing on Elizabeth street, between John and Fulton. The circumstances, as correctly as could be ascertained, were briefly as follows:—Kelly has been in the habit of visiting this house, and each time forbidden again to enter. He did not heed the mandates of the lady, and accordingly went there again on Sunday night. Admission was gained, and while in the house, Kelley broke various articles of furniture, and threatened the life of Mrs. Weickaeir. A revolver was drawn by Kelley, and, as he elevated the weapon, Mrs. W. drew a pistol and fired—the entire charge taking effect in Kelly's right breast. Dr. Mussey, the attending physician, has given up all hopes of his recovery, as we understand.—*Cin. Com.*

☞The alarm of fire, last evening, was occasioned by some cotton waste taking fire in the Perry factory. It was extinguished without damage.

CAUGHT AT LAST.—John Burt, of this town, has been arrested, charged with breaking into the Seminary at Seekonk, and stealing books therefrom, and also with entering a dwelling house in Seekonk, and stealing a gold watch, on the night of the 13th inst., during the burning of the barn of Aaron Cole. We understand he owned up as to the watch and books, as also to breaking into the Armory in this town, and stealing a dozen pistols. Enough to find him employment in the service of this State and Massachusetts for the next 15 or 20 years.—*Warren Star.*

NEW YORK, Monday Evening.

The Union Meeting at Castle Garden to-night, was attended by an immense concourse of people, variously estimated at from six to ten thousand. The meeting was called to order by Gen. Sanford, and Mayor Woodhull presided, assisted by a large number of Vice Presidents and Secretaries.—General Scott was on the platform.—The meeting was addressed by Mr Whitney and others in favor of compromise and sustaining the Union, amid shouts of applause when the preservation of the Union was alluded to. The meeting had not adjourned when the despatch closed.

WAY TO SETTLE AN ELOPEMENT.—The California Green, who run off to Boston from New York with Troyon's (music master) wife settled the matter by offering to take the lady off, Troyon's hands, restoring $125 she took off paying Troyon's passage, &c; an arrangement, it seems, with which the husband was perfectly satisfied.

SHORT PASSAGE.—We learn by a letter from one of the owners received in this city, that the ship Peter Marcy, Capt. Sampson, made her last passage from New Orleans to Liverpool in twenty six days—which is as short a passage as has ever been made in a sailing ship between the two ports.—*Portsmouth, N. H. Jour. 23d.*

MAIL ROBBERY AND ARREST.—On Tuesday last the special agent of the Post Office Department arrested Frederick J. Mills, post master at Hoganburgh, Franklin county, N.Y., charged with having committed sundry depredations upon the U. S. mails.—Several letters containing sums of money from ten to one hundred dollars, it is said, have been traced directly to him, as well as the violation of the seals of a large number of other letters with and without articles of value.

The safety of the U. S. mails are of incalculable importance to the public, and we are gratified to see such evidence of the prompt action of the Post Office Department, when indications of roguery appear among those entrusted with the custody of mails and post offices.—*Albany Journal.*

AMOUNT OF CONVERSATION CALCULATED.—The Rev. Mr. Gannet, of Boston, reckons that each individual averages three hours conversation daily, at the rate of a hundred words a minute, or twenty pages of an octavo volume in an hour. At this rate we talk a volume of 400 octavo pages in a week, and fifty-two volumes in a year.

PROBABLE CHANGE IN THE CABINET.

Correspondence of the Tribune.

WASHINGTON, Saturday, Feb. 23.

I have reason to believe that Hon. John M. Clayton, on account of his infirm health will insist on being relieved from the arduous and incessant labors of his present station at some not very distant day, and that his request will be acceded to by Gen. Taylor, but not till after the pending negotiations with Great Britain respecting Central America and the Nicaragua Ship Canal shall have been concluded. Whenever Mr. Clayton does retire, he it sooner or later, I venture to predict that Hon. Robert C. Winthrop of Massachusetts will succeed him as Secretary of State.

GEN. TAYLOR AND THE DISUNIONISTS.

Private letter to the Editor of the Tribune.

WASHINGTON, Saturday, Feb. 23.

* * * The President is very firm, and the Southern members are in full possession of his views. A committee of them inquired in an interview with him if he had expressed himself ready to maintain the Union at any cost. He replied that he had—that he should blockade every Southern port in case of an armed resistance to the collection of the customs—that he should not interpose the Regular Army, but should call for volunteers from the Northern and Western States, putting himself at their head, and should pour out his blood, if needed, in defence of the Union. He is confident that the people of the Southern States would themselves put down any attempt to break forcibly out of the Union. When told that the Southern Members would in a certain contingency, secede and go home, he quietly remarked that there would be enough more good men ready to come in their places. The calm firmness of the Northern members is also having a good effect. Mr. Duer's bearing in the collision with Meade is not forgotten, while Col. Bissell's late speech, and especially its manner, is generally applauded.

SPEECHES FROM MESSRS. CALHOUN, BENTON AND WEBSTER—MORE COMPROMISES.

Correspondence of the Tribune.

WASHINGTON, Feb. 23.

Mr. Calhoun has decided that he is not able to deliver his speech in the Senate, and is now dictating to an amanuensis.—His speech will be read on Thursday in the Senate. Mr. Benton will follow, and Mr. Webster, although not perhaps immediately. Mr. Benton's speech, I am told, will be the greatest he has ever made. The opinion appears to be general here that the admission of California will have 150 votes in the House, and two-thirds of the Senate.

☞It is supposed that the decision against Mrs. Gaines will be appealed from, and the case carried up to the Supreme Court of the United States.

☞Edward Lucas, an engineer in Burbank's Union Iron Foundry in Brooklyn, accidentally fell into the machinery on Saturday, and was cut to pieces in an awful manner. He was alone at the time.

DIED.

In this town, 25th inst., Mrs. Elizabeth, wife of Mr. Oliver Dewick, and daughter of Nathaniel Nason, Esq., aged 36 years. Funeral to-morrow afternoon, from the house No. 6 John street; friends and relatives respectfully invited to attend.

WEBSTER'S QUARTO DICTIONARY.

"Webster's American Dictionary may now be recommended, without reserve or qualification, as the best extant."—*President Olin, of the Wesleyan University, December*, 1847.

"I have always considered Dr. Webster's work in lexicography as surpassed in fullness and accuracy by none in our language."—*President Wayland, of Brown University, Providence, R. I.*

"I have been in the habit of using Dr. Webster's Dictionary for several years past, in preference to all others, because it far excels them all, so far as I know, in giving and defining scientific terms."—*Pres. Hitchcock, of Amherst College.*

"My judgment and feelings are most heartily and permanently engaged in doing all that I can to make Webster the standard wherever the English is spoken, as it deserves to be, must be, is, and will be."—*Professor Stowe, of Cincinnatti.*

Lord Brougham, in a recent conversation with an intelligent American traveler, remarked of this work,—"It has come to be a necessity to every educated man."

"Dr Webster's great work is the best Dictionary of the English language."—*Lon. Morn. Chron.*

The Lond. *Literary Gaz.* of April 1st, speaks of it in the following set terms:—"A noble monument of erudition and unfathomable research."

"We rejoice that it is fair to become the standard Dictionary to be used by the numerous millions of people who inhabit the United States."—*Signed by* 104 *Members of Congress.*

PROFESSOR BARRY'S TRICOPHEROUS or Compound. When Theory and experiment authenticate each other, there can be no mistake. This is the case as regards BARRY'S Tricopherous. The theory of its operation is this: That it is imbibed by the absorbents and injected through the capillical vessels, promoting the growth, beauty and health of the Hair when applied to the scalp, and dissipating inflammation of every kind, (whether caused by disease or accidental,) when applied to the pimpled, blotched, tenuous, punctured, cut, burned, scalded or in any way irritated skin. It is also assumed that it acts upon the pores, those ventilators and escape pipes of this system, and assists to dispel the matters morbor elements of disease through those important channels. So much for Theory. Experiment proves that the article is an invaluable remedy for all external hurts and diseases, and that as a preparation for renewing the vegetative power of the hair, giving it a rich metallic lustre, rendering it classic and curly, and removing scurf and dandruff it has no equal either in Europe or America, while in cheapness it certainly stands alone. Sold in large bottles, Price 25 Cents, at the principal office, 137 Broadway, New York.--- Also by the principal merchants and druggists in the United States and Canada,
And by R. J. TAYLOR, Newport.

DR. S. P. TOWNSEND'S
COMPOUND EXTRACT OF
SARSAPARILLA.
ORIGINAL AND GENUINE.

SIXTY DRUGGISTS!

An advertisement appeared in several of the papers, headed "Sixty Druggists." This advertisement is signed by a number of men who keep small retail drug shops in the back streets of the city, and are no Druggists or Physicians. The advertisement was put in by a lot of unprincipled men under the name of Thompson, Skillman & Co. who lived an old man by the name of Jacob Townsend, to get up a stuff which they endeavor to palm off upon the public as the genuine and original Dr. Townsend's Sarsaparilla. Skillman & Co. have avowed that it was their intention to take advantage of Dr. S. P. Townsend's extensive advertising, which has cost him over $500,000, and their popularity of the name of his medicine, to sell theirs. The advertisement signed by these shop keepers, and put in the papers by Thompson, Skillman & Co. would lead people to believe that our Sarsaparilla sours, &c., which is false. These men have not, to our knowledge ever purchased five dozen bills of us, and know nothing of its merits, very few of them being able to spare sufficient amount of money to purchase a dozen. The majority of them have applied to us for agency, which we refused. At least one of these men has been to the

STATE PRISON,

for forging a draft or note on the Chemical Bank; we know nothing of the character of the others—but if they sell any Sarsaparilla for the original and genuine Dr. Townsend's Sarsaparilla which is not signed by S. P. Townsend, they would commit any fraud.

Swindlers.

Druggists or others that sell Sarsaparilla for the genuine and original Dr. Townsend's Sarsaparilla, that is not signed by S. P. Townsend, commits a fraud, and swindles their customers. Men that would be guilty of such an act, would commit any other fraud—and no Druggist of common intelligence but knows that ours is the only genuine.

WHOLESALE DRUGGISTS.

Before will be found the cards of three of the first wholesale druggists in the city. These three have purchased $50,000 worth of Dr. S. P. Townsend within the last four years. We have sold it by the hundred dozen to many others—we keep it through all seasons in South America, New Orleans, Havana, &c., and these charges that our Sarsaparilla sours on climates as cool as their other liquids.

Read the following:

NEW YORK, May 21, 1849.

This is to certify that our house has within the last five years purchased over twenty-five thousand dollars worth of Dr. S. P. Townsend's sarsaparilla. It is an article that commands an unprecedented sale, and as far as we know, gives universal satisfaction. It does not ferment and break the bottles as has been alleged.

NORTON & BARCOCH,
No. 130 Maiden Lane and 59 Fletcher street.

NEW YORK, May 21, 1849.

To whom it may concern: This is to certify that I have purchased of Dr. S. P. Townsend about ten thousand dollars worth of his Sarsaparilla. It is by far the most popular medicine I ever knew and given universal satisfaction. I have no difficulty with its ferminting or souring.

THOMAS W. CUMMINS,
Wholesale Druggist, 118 Greenwich street.

NEW YORK, May 21, 1849.

This is to certify that we have purchased over ten thousand dollars worth of Dr. S. P. Townsend's Extract while in the last five years. The article is very popular and has become an article of commerce. We find no trouble with its souring or fermenting.

DOYD & PAUL, No. 4 Liberty street.

Dr. S. P. Townsend, wishes the Public to understand that he is no connection of old Jacob Townsend whatever, and never saw him but once that he is aware of, and that was on an occasion of his calling at his house to sell some pamphlets and cheap publications.

CONSUMPTION CURED!
Cleanse and Strengthen.
CONSUMPTION CAN BE CURED;

Bronchitis, Consumption, Liver Complaints, Colds, Coughs, Catarrh, Asthma, Spitting of Blood, Soreness in the Chest, Acute Pain, Night Sweats, Difficult or Distant Expectoration, Pain in the Side, &c., have been cured even he cured.

In the last stages of Consumption.

The following Certificates are selected from a large number received. The first was kindly forwarded to us by Dr. Colwell, a respectable physician of extensive practice at Oswego, New York. He writes that the Sarsaparilla has performed many cures, and the better it is known, the more it is appreciated. His letter can be seen at the office, if any wish to see it.

EAST OSWEGO, Dec. 6, 1847.

DR. COLWELL:

DEAR SIR—This is to certify that I have been sick a number of years with the Consumption, and the last summer I was so low that my friends thought I could not live but a very short time, and by your advice, thinking there was yet a hope left, I commenced taking Dr. S. P. Townsend's Sarsaparilla, which soon gave me relief. I grew better fast while taking the Sarsaparilla, and am now able to be about the house and do some work. I owe my recovery, thus far, to the above medicine, and believe that it saved me from the grave. If you choose, you may forward this statement to Dr. S. P. Townsend.

MRS. MARGARET ARMSTRONG.

We, the undersigned, are acquainted with Mrs. Armstrong, and know the above to be true.

SARAH JANE HENDERSON,—ELIZABETH HADLEY,—ELIZABETH BARTHOLOMEW,—MARY COOK.

Curious Case of Consumption.

There is scarcely a day passes but that there are a number of Cases of Consumption reported as cured by the use of Dr. S. P. Townsend's Sarsaparilla. The following was recently received:

DR. S. P. TOWNSEND—DEAR SIR: For the last three years I have been afflicted with General Debility and Nervous Consumption of the first stage, and did not expect to regain my health at all. After going through a course of medicine under the care of some of the most distinguished regular physicians and members of the Board of Health in New York and elsewhere, and spending the most of my earnings in attempting to regain my health, and after receiving in some part of your Sarsaparilla, I resolved to try it. After using six bottles, I found it done me great good, and I called to see you at your office. With your advice I kept on, and do most heartily thank you for your advice. I persevered in taking the Sarsaparilla and have been able to attend to my usual labors for the last four months—and I hope, by the blessing of God and your Sarsaparilla, to continue my health. It helped me beyond the expectations of all that knew my case.

CHARLES QUIMBY.

State of New Jersey, Essex Co., ss.

CHARLES QUIMBY, being duly sworn, according to law, on his oath saith, that the foregoing statement is true, according to the best of his knowledge and belief.

CYRUS BALDWIN, Justice of the Peace.

WONDERFUL CURE.

Her blood was like water, could not speak, bled at the lungs, severe pain in the Chest and about the breast, raising in the Throat. Read the advertisement, and doubt if you can that Consumption is incurable:

NEW YORK, Dec. 11, 1847.

DR. S. P. TOWNSEND—Sir: Last New Year's day I received as a present two bottles of your Sarsaparilla; for four years previous to this I was very ill and had not strength to be about the house. I applied to Physicians and could obtain no relief, and at the time I commenced taking your Sarsaparilla, I had almost despaired of getting any better. The blood in my veins was like water. I bled very much at the lungs, I had severe pains in my chest and heart, and was troubled at times with something rising in my throat, so that it was impossible to speak. I discovered a change for the better in my health on taking one bottle of your Sarsaparilla, and in two weeks was able to be up about half an hour at a time, and persevered in taking your Sarsaparilla. In four weeks I was able to go about the house, and have been ever since remarkably strong, and attribute my recovery of my health entirely to your Sarsaparilla. If this statement will be the means of directing others similarly afflicted to your valuable Sarsaparilla, you are welcome to make it known.

Your's respectfully,
EMMA BUMNER, 70 Vandam street.

DR. S. P. Townsend's Principal Office has been removed from 196 Fulton, to 83 Nassau street, in the building formerly occupied by the South Baptist Church.

BRANT'S INDIAN
PULMONARY BALSAM

cures every variety of the most *deep seated, exalted and developed cases of* PULMONARY CONSUMPTION—*even the most extreme cases of* WASTING AWAY, *and confirmed cases of* LUNGS—such instances cases as were considered beyond the reach of human remedies. *No other* or any other warm course of the afflicted, previous to its use, have been presented, equally as delicious as it proves to be ACTUALLY INVIGORATING. Such, which of the other kinds of medicine made, have been cured, and yet live; others, who it was said would not live another day, are now as well as if beauty as they ever were.

It possesses such a cleansing and purifying influence nearly as powerful and active as did preparation which we call

BRANT'S INDIAN PURIFYING EXTRACT.

The Baltimore Sun says the Extract, however, possesses *several medicines which are very rarely adapted to, and are excellently necessary for, the cure of*

COUGHS AND CONSUMPTIONS,

and all diseases of a pulmonary nature—such diseases as usually prove so fatal under ordinary treatment, when they attack the

Breast, Throat, Lungs, and Heart.

This BALSAM HEALS and CLEANSES DIRECTLY by the LUNGS, and also *both internally, as externally and easily on the Pulmonary Extract exercise both diseases externally.* This Balsam cures *nine cases of Cough* and *Consumption* in a out of ten, after all other means have failed to do good.

Thousands of Consumptions

in *Chronic Coughs* when I write I can say *is nothing effects* by taking Brant's Balsam, and by several cures of pulmonary and a sufficient time, as proved by the following cases, *Chronic Spitting of Blood, Bleeding of the Lungs, Pain in the Breast and Side, Night Sweats, Nervous Debility, Dry Asthma of the Heart, Chronic Infantile, Dyspepsia, Liver Complaints, Bronchitis* and *Affairs*, and all FEMALE WEAKNESSES.

CONSUMPTION.
A DYING WOMAN CURED!

We make this case to prove the POWER TO SAVE LIFE in BRANT'S BALSAM in cases, after the patient is considered by physicians and friends to be in the last stages of *Consumption*—actually DYING—and, in this case, in fact sooner, *for the stomach and bowels clothes were bought.* For the particulars of this case, and the *very similar* made to it, see for all the circumstances and facts, we refer to our Pamphlet.

This cure was effected on Mrs. ZIBA DYKEMAN, of *William Spa, Saratoga County, N. Y.* We can prove by *several others, almost equally known*, and as *remarkable as this, many others of equally known* CURED, which were given up and considered incurable by SKILFUL PHYSICIANS.

A DOCTOR CURED!

DR. J. W. FRENCH, *of Delhi, Delaware county, New York*, client Cure of January, 1848, writes: "I obtained a cure from in the regular practice of medicine in this place for many years, but was obliged to quit the practice of my profession, and am now afflicted with a *Chronic Disease of the Lungs*, which I consider incurable. I was induced to try BRANT'S PULMONARY BALSAM, and found it to be the most powerful remedy I ever employed. I cannot but recommend it to my friends and to every one afflicted with a *Chronic Disease of the Lungs*, and I feel that the CONSUMPTION, just death. I employed almost incredible, my friends say, and by several cures I had in my own family, since used Brant's Balsam, I consider it the most valuable medicine now before the public. I employed it in my own family, since used Brant's Balsam, I consider it the most valuable medicine now before the public. I employed it in my own family, since used Brant's Balsam, I consider it the most valuable medicine now before the public."

GO,000 Persons

including all ages, classes and conditions, among which were a large number of Ladies, who are peculiarly subject to Nervous Complaints, have been

ENTIRELY AND PERMANENTLY CURED,

when all hope of relief had been given up, and every thing else been tried in vain!

To illustrate the use of the GALVANIC BELT, suppose the case of a person afflicted with that bane of civilization, DYSPEPSIA, or any other Chronic or Nervous Disorder. In ordinary cases, cathartics are taken, which, by their action on the nerves and the exhausted digestive organs, afford temporary relief, but which increase the pain in a lower state, and with general faculties; after the earth has exerted its utmost. Now compare this with the *permanent* benefits derived from application of the GALVANIC BELT. Take a Dyspeptic sufferer, even in the worst spasmodic or nervous attack, and simply fix the Belt around the body, having the Magnetic Fluid as directed. In a short period the insensible perspiration will act on the positive powers of the Belt, thereby causing a galvanic circulation which soon goes on to the negative, and thence back again to the positive, thus keeping up a continuous galvanic circulation throughout the system. Thus the *vital current* is restored to its HEALTHY AND PERMANENTLY CURED. A FEW DAYS IS OFTEN AMPLY SUFFICIENT TO ERADICATE THE DISEASE OF YEARS.

AN EXTRAORDINARY CASE,

which conclusively proves that

"Truth is stranger than Fiction."

The following letter, narrating one of the most remarkable events in the annals of Medical science, is from the

Rev. Dr. Landis, a Clergyman

of New Jersey, of distinguished attainments and exalted reputation:—

SIDNEY, New Jersey, July 12, 1848

DR. A. H. CHRISTIE—Dear Sir: You will be known of me what has been the result in my own case, of the application of THE GALVANIC BELT AND NECKLACE. My reply is as follows:

For about twenty years I had been suffering from Dyspepsia. Every year the symptoms became worse, nor could I obtain permanent relief from any course of medical treatment whatever. My physicians were skillful and excellent men, but were their prescriptions failed. About *fourteen* years since, in consequence of frequent exposure to the weather in the discharge of my pastoral duties, I became subject to a severe Chronic Rheumatism, which in a few other years caused me to become entirely helpless. In the severe paroxysms, the skill of my physicians sometimes afforded me great relief, but this relief was only temporary. Further, in the winter of '38 and '39, in consequence of preaching a great deal in my own and various other churches in this region I was attacked by the Bronchitis, which soon became so severe as to require an immediate suspension of my pastoral duties. My nervous system was now *thoroughly prostrated*, and as my rheumatism became worse, so did my Dyspepsia and Rheumatic affection—thus evincing that these disorders were connected with each other through the medium of the Nervous System. My sufferings were indeed severe, and I had no enjoyment other than being entirely laid aside from the discharge of those duties, and the pleasures of [illegible] which my soul has ever found the richest delight.

But reasoning from effect to cause, I concluded that the *Nervous System* must be reached before any lasting good could be realized. After obtaining relief from three most distressing maladies. In the wide circumference there seemed to be no remedial agent which could reach and remove my Nervous System; every thing that I had tried for this purpose had completely failed. At last I was led by my friends to examine your inventions, and (though with very sanguine hopes of their efficiency) I determined to try the effect of the application of the GALVANIC BELT AND NECKLACE, with the MAGNETIC FLUID. This was in June, 1845. [illegible] BY TWO DAYS' APPLICATION, I WAS ENABLED TO DISPENSE WITH EIGHT DAYS I WAS ENABLED TO DISPENSE WITH EIGHT DAYS NOR HAVE I SINCE SUFFERED A SEVERE ATTACK ON ACCOUNT OF THE RHEUMATISM; AND MY DYSPEPTIC AFFECTION HAS CEASED TO TROUBLE ME. If time permitted, I could fill a sheet of paper with the details of particulars, but I can also only furnish the brief outline. My Dyspeptic has assumed the Rheumatic nature in a while since, but not severely, and is immediately arrested, and is consequently being driven from its last hold upon my system. My friends' attention is *entirely fixed.* Such is the wonderful and happy results of the experiment.

I have recommended the BELT AND FLUID in many who have been likewise suffering from Neuralgic affections. They have tried them with happy results, I believe in every case.

I am, dear sir, very respectfully yours,
ROBERT W. LANDIS

FITS, FITS, FITS.

MESSRS. J. K. LIPPINCOTT & SON, respectable merchants at *Hollytown, Nellston county, Pennsylvania*, wrote to us, May 12, 1847, stating, among other matters, that they had been informed from the use of BRANT'S PULMONARY BALSAM, that one of their customers had just informed them of the cure of his child, which had been subject to FITS for several years, was cured by the use of BRANT'S BALSAM

Would soon be in a Grave.

MR. WILLIAM D. JENNINGS, a merchant at *Pierpont Centre, Schuyler county, Ohio*, writes to us, Dec. 1st, 1847, and relates a case of Consumption now in the house of Israel's Cousin, which Brant's Pulmonary Balsam had effected in Mr. William Crockett's family, under the following circumstances. The said Mr. Crockett had sought relief from the most eminent physicians and skillful, but found none, for the fatal hand of that unrelenting monster, Consumption, had taken fast hold on his wife, and was rapidly undermining and destroying his body, that he was in a most [illegible] condition. He was given up by his physicians and all friends, as [illegible] *beyond the help of grace.* But even in this last extremity, another and more [illegible] may seem, yet it is true, that the use of only *five bottles* of BRANT'S INDIAN PULMONARY BALSAM has made such a [illegible] in the health of the above, and restored Mr. Crockett to health, and to be now a *healthy, hearty, rugged man!*

S. D. DANN, Esq., *merchant and postmaster at Jefferson*, on publishing to us, wrote to us from the same time, and stated that he was acquainted with Mr. CROCKET, and testified to all the above *facts and the circumstances.*

Could not Live a Day longer!

MESSRS. E. B. CALDWELL & CO., of *Port Oswego, Oswego Co., N. Y.*, respectable druggists, wrote to us on 10th June last, through Mr. Whiteman, a respectable and reliable citizen, of an important case of *Consumption*, which Brant's Pulmonary Balsam had produced in the wife of an acquaintance of his, which he knew by the name of Fabrum, in this county. She had been for years *confined by illness*, and was so dangerously diseased, that her friends thought it impossible for her to live more than ONE DAY LONGER. But, when all other hope utterly failed, she commenced taking BRANT'S BALSAM, and the medical efficacy has raised her from a [illegible] to full all the circumstances and facts, we refer to our Pamphlet.

This case was effected on Mrs. ZIBA DYKEMAN, of *William Spa, Saratoga County, N. Y.* We can prove by several others, almost equally known, and as remarkable as this, many others of equally known CURED, which were given up and considered incurable by SKILFUL PHYSICIANS.

RAISED FROM THE GRAVE.

MESSRS. PRATT & TOSTER, *merchants, of West Pennsauld, Penn.*, said BRANT'S PULMONARY BALSAM had effected cures of which hopeless cases of Consumption in their immediate town and other neighborhood one could be said [illegible] and had saved some as if *from the grave*—some that physicians and friends gave up as DEAD! DEAD! DEAD! One particular, in particular, was an [illegible] that Mr. [illegible] was [illegible] *to take any more medicine.* He then, when we *were left*, began to take BRANT'S BALSAM—and [illegible] *used it was as well as ever he was!*

Many Consumptions Cured.

MR. S. H. CLARK, merchant, *Clyde, Wayne county, N. Y.*, wrote to inform us that BRANT'S PULMONARY BALSAM acted wonderfully at Clyde, and said: "All the *remnants* of cases of our most respectable people, and personal, which have been [illegible] to us, to be relied on, in medical circles have *many non-sanative powers*, and [illegible] Brant's Balsam [illegible] with, who were so low [illegible] to be moved, [illegible] and [illegible] by physicians and all friends, past all possibility of cure, and [illegible] TO PERFECT HEALTH!"

LUNGS BLED—MUST DIE!

MR. Z. S. CERRY, *merchant, Bacon, Genesee county, N. Y.*, wrote, August 23, 1848: "BRANT'S PULMONARY BALSAM is doing wonders here. It has cured a man of Consumption that all the physicians had said *must die.* When I commenced using Brant's Medicine, he could not raise to his head to his breast, he [illegible] and [illegible] up, [illegible] to believe that he must die; but, on using [illegible] bottles of it, he [illegible] and rides all over the county. He used *only five bottles.* It has also cured a young lady of Consumption in this town, by which her father says [illegible] worth to him."

MR. MILLER, a merchant of the same place, has certified to the truth of the above statement.

Was believed past Cure!

MR. CORNELIUS H. SMITH, merchant, *Collins Centre, Erie Co., N. Y.*, January 16, 1849, said: "Your BRANT'S INDIAN PULMONARY BALSAM and BRANT'S PURIFYING EXTRACT are nearly all sold, and I want immediately another supply, for they *will more rapidly* and give better satisfaction, than all the other medicines we have for sale. The [illegible] Balsam has raised a lady here from a bed of [illegible] and severe cough, [illegible] all the doctors had given up as INCURABLE. [illegible] and the same time with a Consumption of a [illegible] Liver, that pronounced her case HOPELESS, is now restored taking BRANT'S BALSAM—and now *looks well.*"

CHRONIC DYSENTERY,

and SIMILAR COMPLAINTS, in children of *every degree*, cured *without any failure whatever.* Also—

DOCTORS CALL IT WONDERFUL!

DOCT. IRA JOHNSON, *of Lexington, Greene Co., N. Y.*, wrote to us, January 1st, 1849: "I became acquainted with some of the astonishing effects of your BRANT'S INDIAN PULMONARY BALSAM, by having witness of it cures in most *wonderful cases* of Consumption [illegible] by many, in Mendenville, Sullivan Co., New York about a year since; and have since felt convinced that its great efficacy might become more generally known. The last summer I had a brother in law quite sick with consumption, and I felt confident from what I had seen of the efficacy of Brant's Balsam that if I could procure it for his use, it would cure him; and as we could not find it in this county, I went to Sullivan county, about ninety miles, and purchased several bottles; And before I returned with the medicine, he died. One of my neighbors was then very much afflicted with pain in the breast and side, and with such a tightness and [illegible] across his chest, that he breathed with great difficulty. He used one bottle of the medicine that I brought, and it gave immediate relief, and cured him. My wife has used another bottle, and she says it has done her more good than all the other medicines she ever took. From the benefit these persons have derived, and from my recommendations, from what I had previously heard and seen of its good works, many persons here are now wanting the medicine; and as there is no agent in this town, they have persuaded me to write for an agency.

Yours respectfully, IRA JOHNSON.

DOCTORS COULD NOT CURE.

MR. CORNELIUS H. SMITH, *merchant, Collins Centre, Erie Co., N. Y.*, January 16, 1849, said: "Your BRANT'S INDIAN PULMONARY BALSAM and BRANT'S PURIFYING EXTRACT are nearly all sold; and I want immediately another supply, for they *will more rapidly* and give better satisfaction, than all the other medicines we have for sale."

Further Evidence

As to the great efficacy of Dr. Corbett's Concentrated Syrup of SARSAPARILLA.

Messrs. B. Brinley & Co.—

Gentlemen,—I was brought quite low in the summer of 1847, with the Dysentery. I sought a physician several times and was dangerously sick, so much so as to believe I must die. I grew worse daily, and was so reduced and weak that I frequently fainted away. For many days I complied with the directions of my physicians. But obtaining no relief, and hearing of 'Corbett's Shaker Syrup of Sarsaparilla,' I was induced to make trial of it.

My little boy about five years of age was also very sick of the same disease at the same time. The first few doses I took revived me speedily. The pains were speedily allayed and the disease was so early checked that I was enabled to attend work in the course of a week. My little boy was also soon cured, and only part of a bottle was taken by both of us. Absent from home some time after, I returned from Montreal, in 1848, with the same disease, which had been increasing on me many days. I resorted again to the Shaker Syrup of Sarsaparilla, and took only a few doses, when again I was early and fully restored to health I know this Syrup cured me, and I recommend to all who may suffer as I have.

As the Spring returns guard your Health by using
Dr. Corbett's Shaker Compound of Concentrated
SYRUP OF SARSAPARILLA.

This medicine has proved to be most valuable in the following diseases; Chronic Inflammation, Jaundice, Weakness of the digestive Organs, Dyspepsia or Indigestion and Sourness of the stomach, Rheumatism and Salt Rheum, Functional disorder of the Liver, Chronic Eruptions of the Skin, and all Scrofulous Diseases. Also it is found to be an invaluable remedy for the Erysipelas, and that distressing disorder, the Asthma. It has proved highly beneficial in some cases of Dropsy, Dysentery, Diarrhœa.

It will be found by observation that many of the above disorders, and also that Fatal disease Phthis Pulmonalis, or Consumption, generally originate in a scrofulous state of the system; and to cure such diseases, we must remove the primary cause. It will likewise be found that diseases of the Liver often originate with persons of a scrofulous habit, and are called liver complaints; but it is a well established fact that before such liver complaints can be permanently cured this scrofulous diathesis must be removed.

That this is the effect of this Syrup, hundreds of the most competent judges, who have seen and felt the virtue of its sanative power can bear witness. It is a laxative, diuretic tonic, and greatly alterative, and is prepared from the best and most virtuous alteratives of the vegetable kingdom, without the addition of any mineral substance whatever. It is a perfectly safe medicine, and may be taken at any time without regard to weather or exercise.

HOME TESTIMONY—ALWAYS THE BEST.

Dr. Corbett's Concentrated Syrup of SARSAPARILLA.

John Davis, the sexton of the church of that good man, "FATHER TAYLOR," thus writes as to the benefits he has received through the virtues of the Sarsaparilla:

"The undersigned, Sexton of the Church of the Rev. Father Taylor, of Boston, states the following facts:—I was born at Portugal, and am now 40 years of age. My parents were healthy, and I was not afflicted by any disease until 1845. I was then residing in Boston. At that time my skin became subject to a humor, which was at last so bad as to alarm myself and friends.—Severe Sores and Abscesses developed themselves. Large Scabs are now deeply imprinted on my forehead and other parts of my body by their excoriation and indentation even into the bone. About twelve months since my afflictions seemed increasing. Deep seated sores of the foulest character came out on my arms, my head, and even attacked my eyes. I became weak, emaciated, and unable to perform the duties of life for my 'daily bread.'

"Failing to secure any benefit from Physicians who prescribed for me, I resorted to the use of various Sarsaparilla Compounds, but with no benefit. The able and distinguished Physician and Surgeon, James Ayer, M. D., Hanover street, Boston who had watched my case, at last advised my using Dr. Corbetts Sarsaparilla.

"I am now happy to state that my general health is fast improving. The Scrofulous development on my head, arms and face are passing away, and not until this moment have had any hope of a resene from the grave. To Corbett's Sarsaparilla do I alone attribute this amendment, as not until I had adopted its use, (and this in minute quantities,) have I for four years found any relief from suffering."

Interesting statement from the Empire State.

Schuylerville, N. Y., April 28, 1849.

MR. S. W. FOWLE—Dear Sir—A desire to benefit the afflicted, has induced me to make the following statement of facts. My son, now seventeen years of age, has been afflicted, during his whole life, with a constant cough and pain in the chest, accompanied with night sweats and a hectic fever, which produced great emaciation and debility. During this time he was attended by many physicians of the highest repute, whose prescriptions gave but temporary relief. All our neighbors who saw him regarded him as one who was rapidly approaching an early and premature grave. I was prevailed upon by a friend to try WISTAR'S BALSAM OF WILD CHERRY. He commenced its use, and the FIRST bottle gave him astonishing relief, and after using four bottles, his disease was overcome, and he was restored to sound and permanent health.

Beware of Imposition.

The greater the value of any discovery, the higher it is held in the esteem of the public, and so much in proportion is that public liable to be imposed upon by the spurious imitations of ignorant, designing, and dishonest men, who, like the drone in the hive, have neither the ability nor inclination to provide for themselves, but thrive and luxuriate upon the earnings of the deserving.—The extraordinary success attending the use of WISTAR'S BALSAM in diseases of the lungs, and the many singular cures it has effected have naturally attracted the attention of many physicians, as well as the whole fraternity of quacks.

Now that this preparation is well known to be a more certain cure for incipient Consumption, Asthma, Liver Complaint, Coughs, Bronchitis, and all similar affections, than any other remedy ever known, they will be, and NOW ARE forced those so villainously wicked as to connect a spurious, and perhaps poisonous mixture, and try to palm it off as the **genuine Balsam.** We raise no false alarm. We advise the public of these schemes, that their health may not be trifled with, nor ourselves plundered of our just rights.

The genuine and original

DR WISTAR'S BALSAM of WILD CHERRY, on account of its great popularity, has been extensively counterfeited in Philadelphia and some thousand bottles of the spurious imitation thrown into the market and extensively circulated. Consumption is the great curse of our northern latitudes. It is the blight of domestic felicity and the despoiler of beauty. It robs the cheek of its healthful bloom, the mind of its serenity, and the eye of its brilliancy. It wastes the form, dims the intellect, and plunges its victim into an early grave. The young and old, the serious and the gay, the city bell and the country lass, are alike its prey and its victims. Dressing on the man, then, whose genius and research furnished us weapons to bid defiance to this "Dweller of the Charnel-house!" He merits the applause and [illegible] goes—he shall have ours, at least.

WRIGHT'S INDIAN VEGETABLE PILLS SUGAR COATED!—The Proprietor of this popular Family Medicine thankful for the extensive and increasing favor with which it is received, and feeling desirous of making every improvement in his power, begs leave to announce, that he has added an OUTSIDE FROSTING to the Pills, of pure White Sugar, whereby every thing disagreeable to the taste or smell is entirely removed, without the smallest degree affecting, in other respects, the excellent qualities of the medicine. The want of an innocent & convenient medium of disguising the Pills, so generally felt, is thus supplied, & it is confidently anticipated that the frosting will prove highly acceptable to the public. The occasional use of medicine is a matter of necessity with the great majority of mankind. Whatever, therefore, is done to remove its disagreeable associations, is a public benefit. The value of Wright's Indian Vegetable Pills is well understood. Innocent and efficacious free from minerals of every description, and adapted to all the circumstances and conditions of life, they are esteemed beyond all other remedies, as the great [illegible] medicine of the day. The frost-covering is an addition intended merely to conceal the taste and smell.—These Pills will also continue to be prepared without the frosting, as heretofore, so that all who prefer them in their original state, may still be accommodated.

GENERAL DIRECTIONS.—The ordinary dose for a grown person is from two to four Pills; but in cases of violent pain, in any part of the day, the medicine should be taken in large doses, and repeated every night on going to bed, (or oftener if the suffering is great,) until pain or distress of every kind is removed; after which, the medicine should be taken merely with a view to keeping the bowels regular which will in a short time restore the body to a state of sound health.

Dr. Corbett's highly Concentrated SHAKER SYRUP OF SARSAPARILLA

The cures effected by this powerful alterative of the blood are multiplying daily.—Certificates, as to its efficacy, are rendered voluntarily, to an almost unlimited extent.—But on these alone the Proprietors ask not the public to rely. The words of Science unquestionably must bring more conviction to the doubting, than even the accredited statements of hundreds rescued from the grave.

The distinguished Chemist, Augustus A. Hayes, M. D., who has chemically tested this preparation, writes as follows:—

Messrs. E. Brinley & Co.—

Gentlemen—With a bottle of Corbett's Compound Concentrated Extract of Sarsaparilla I received a copy of his Formulæ for preparing it.

From testing the Syrup, the fact of the existence in it of the active substances named, was ascertained, and the general good qualities of the preparation inferred.

The Formula exhibits the union of some of the best of our medicinal roots and plants, with substances of the highest repute as remedial agents, and does not include any METALLIC COMPOUND. For the cure in which the medicinal qualities of Sarsaparilla are sought for, this preparation should have a preference, in consequence of the care and skill evinced in compounding it.
